sent to the Office as early in the week as possi-
ble, and not later than Thursday, 1 P. M., if
intended for the current issue.

PRINTING!

Every description of Book and Job Printing
done at short notice at the Office of THE CITIZEN.

NOTES ABOUT TOWN.

The Township election is on Tuesday
next. Come one, come all.

The large scuttles were blown from
Mr. Benson's house on Monday.

The Essex County Building & Loan
Association will probably open a new series
of stock in April next.

Rumors of young maidens errant, of
anxious parents, of disgraced brothers and
of cruel step-mothers are rife.

A meeting of the Glen Ridge Club
was held on Tuesday night for the election
of new members. An informal re-
ception will be given on Monday next.

The tin from the roof of the large
three-story building on Bloomfield ave-
nue, known as the "Shoe Building," was
blown off by the gale on Saturday, and
for a time fears that the whole building
would go down were entertained.

The Board of Visitors of the Bloom-
field Firemen's Relief Association held a
meeting on Tuesday evening last at the
house of the Essex H. & L. Co. No. 1,
the full Board being present. Application
for relief was received from a number
of the department and a committee ap-
pointed to investigate the same with pow-
er. The Board will hereafter hold monthly
meetings on the third Tuesday of each
month, to investigate any cases that may
come before them.

Rev. Joseph Cook, of Boston, will
lecture in the Congregational Church,
Montclair, on Friday evening, March 12th,
at 8 o'clock. The lecture will be prece-
ded by a prelude on "Current Events."
Tickets can be had at Scheff's drugstore,
Bloomfield. Reserved seats, 50 cents,
general admission, 25 cents. The sub-
ject of the lecture will be "Alcohol and
the Human Brain," to be illustrated by
experiments and diagrams.

This township has been the field
of operations for a gang of burglars, half a
dozen successful burglaries having been
committed during the past two weeks,
and Sunday night another was added to
the list. Mr. and Mrs. David T. Lyall
locked up their home on Franklin street
and went to church, and when they re-
turned they found everything in disorder.
An examination showed that their home
had been visited by burglars, who had
effected an entrance by breaking in the
rear door and had ransacked the house
and departed with articles to the value of
\$150. Mr. Lyall is a piano tuner, em-
ployed in the Peloubet organ works, and
the loss is a serious one to him. Among
the articles taken was a watch, a dozen
and a half of silver spoons, a set of piano
tuner's tools, a lady's satin sash, a
Spring overcoat, a pair of pantaloons and
some jewelry.

The annual township meeting was
held in Dodd's Hall, Monday evening, and
about 800 citizens were present to hear
the annual financial report and act upon
the appropriations for the ensuing year.
Collector Marr's report shows the total
receipts from taxes, assessments, etc., to
have been \$57,411.28. The disburse-
ments have been: For support of poor
\$2,458.78; for road repairs, construction
and gravel, \$7,455.95; contingent ex-
penses, \$2,553.80; paid on water contract,
\$5,760; for fire purposes, \$900.44; for
sidewalk grading and construction, \$3,
247.28; gas, \$4,627.26. The total dis-
bursement for township purposes was
\$28,875.37. The following appropri-
ations were made for the ensuing year:
For poor, \$2,000; contingencies, \$3,500;
gravel and road repairs, \$2,500; road con-
struction, \$4,500; crosswalks, \$500; pub-
lic grounds, \$400; water contract, \$5,760;
gas, \$4,400; fire purposes, \$1,250; side-
walk construction, \$1,500; firing national
holiday salutes, \$50; total, \$26,350.

Monclair Memoranda.

The adjourned citizens' meeting held
in the skating rink on Monday evening
for the further consideration of the re-
port of the Citizens' Committee of Fifteen
on the question of the introduction of a
water supply, was attended by some 600
gentlemen. There was considerable dis-
cussion for and against the plan propos-
ed by the committee for the introduction of
water and against the introduction of

water at all without a system of sewerage,
but the building was so cold that the
meeting was brought to a speedy close.
Dr. Marvin presided and R. E. Van Gie-
sen acted as Secretary. Mr. Joseph Van
Vleck made a strong appeal for the sub-
mitting of the question to the voters of
the township at the annual election next
week, and despite the arguments against
it, a resolution providing that the ques-
tion of water or no water be submitted to
a vote at the next election, and providing
that if there be a majority of votes cast in
favor of water that the whole matter be
referred to the Town Committee, and that
they adopt some system of supply, was
adopted by a large majority. The Pro-
hibitionists of this township have placed
a non-partisan temperance ticket in the
field, and yesterday mailed the tickets,
with a circular, to a large number of
voters. The ticket named is of the very
highest character.

Neighborhood News.

ORANGE.

The funeral of Mr. George Lindsley,
on Saturday afternoon, was very largely
attended, fully 250 persons filling his late
residence on High street to its utmost
capacity. The services were entirely un-
ostentatious; the Rev. Henry M. Storrs,
D. D., officiated, and only the relatives
followed the remains to the grave. Nep-
hews of the deceased acted as bearers.

The St. John's Church fair was brought
to a close Saturday evening.

The West Orange Drainage Commis-
sioners have filed their determination in
the office of the Clerk of the County
Court, in favor of the drainage of that
certain marsh, swamp, bog, meadow, low
and wet lands lying on the northerly and
southerly side of Northfield avenue, in
the vicinity of St. Mark's Church, in the
township of West Orange.

The annual charter election will be held
in this city next Tuesday, and the devel-
opments promise a complicated and ex-
citing week's campaign and election.

The meetings of Maybee and English
now being held at the East Orange Rink,
Harrison street, will be continued during
the week, beginning at 7:45 P. M. Much
interest is manifested. All are cordially
invited. Admission free.

A special meeting of the Township
Committee of East Orange was held on
Tuesday evening for the purpose of pre-
paring their annual report; to consider
the amount to be recommended to the
township meeting on Friday evening,
necessary to be appropriated and raised
by tax for township purposes for the en-
suing year, and to close up the business
of the present fiscal year.

State and County Pickings.

Congressman Lehlach has returned
home on a week's leave of absence.

A great temperance revival is in pro-
gress at Red Bank.

The Pennsylvania Railroad Company
reports a net loss on the New Jersey Di-
vision of \$159,496.83 during 1885.

Dr. Charles Eliot, President of the
Harvard University, and wife, are in
Princeton, the guests of President Mc-
Cosh.

The gale at Long Branch for the last
few days has been terrific. The bluff
has suffered greatly with the sea and
gales.

Camden is threatened with a short
supply of water, owing to the low condi-
tion of the Delaware and the cold weath-
er.

The public sale of the Elizabethtown
Savings Institution real estate, mort-
gages and other claims at auction re-
sulted about the same as the Newark
sale.

Jesse W. Starr, Sr., founder of the
Camden Iron Works, the largest estab-
lishment of the kind in the country, died
at his residence in Camden on Saturday,
aged seventy-seven years.

The Morris County Railroad Company
has about completed the work of secur-
ing the right of way for its track from
Green Pond to Port Oram, Morris coun-
ty. Only a short distance yet remains to
be secured by the company.

A largely attended reception was given
by ex-Governor Joel Parker, at his
Winter residence, in Mount Holly, last
evening, in honor of his daughter. Many
prominent people were present from all
parts of the State.

It is reported that Mr. A. E. Gordon,
of the New Brunswick Times, has been
selected by the President for the United
States Marshalship of this State, but
that the appointment will not be made
until District Attorney Kenealy's term
expires, which will be in a few days,
when Mr. Job H. Lippincott, of Jersey
City, will be nominated to succeed him.

Reports from the mines of Cooper,
Hewitt & Co., in the upper part of Pas-
saic county, are very encouraging. Three
hundred tons of iron a week are being
shipped from the Charlotteburg mines,
and the firm can dispose of more ore
than it can mine and more iron than it
can manufacture. The furnace at Pequet
will be put in full blast in a few days,
and in a short time all the large estab-
lishments owned by the firm will be run-
ning full time. The Trenton Iron Works
owned by the firm, are very busy.

Labor Items.

Coboes, (New York) spinners are not
satisfied with the ten per cent. increase
offered, and are thinking of insisting on
ten per cent. more.

The strike of the silk weavers of Do-
herthy & Wadsworth, in Paterson, was
ended yesterday, the weavers returning
to their looms at an increase of ten per
cent.

The Knights of Labor have undertak-
en to arbitrate between the Terra Cotta
Works Company, of Perth Amboy, and
employees of that corporation. A year
ago the company had reduced wages
seventeen to twenty-five per cent., but
had not lowered the selling prices of
their goods. Manager Hall promises to
settle the matter equitably.

The Knights of Labor, of Trenton,
cleared \$8,500 by the fair which they
held recently in Masonic Hall. The total
receipts were over \$11,000. The Knights
went in to realize \$10,000, but they are
not at all discouraged over the result, as
they consider \$8,500 a very respectable
portion of the amount hoped for. A build-
ing committee has been appointed and
the members will look for a site whereon
to erect the proposed temple. The money
still needed for the enterprise will be
raised during the coming Summer, when
a two days' picnic will be held, and also
an excursion to the seashore.

A public meeting was held last week
in Buffalo under the auspices of the Bu-
falo Lodge of the Brotherhood of Loco-
motive Firemen. Three of the grand of-
ficers of the brotherhood were present.
Mayor Becker welcomed the grand offi-
cers. Grand Master Sargent, of Terre
Haute, Ind., in his address, stated that
the brotherhood which was organized 12
years ago, now had 15,000 members and
in 12 years had paid out \$447,000 to
beneficiaries. Grand Secretary and
Treasurer Debs, of Terre Haute, said the
order desired harmony between capital
and labor. Its members would meet
their employers half way and preferred
the settlement of differences by arbitra-
tion. The firemen do not ask better
treatment from their employers than the
latter receive from them. Grand Vice-
Master Hannigan, of Chicago, spoke
briefly on the growth of the order. The
meeting was one of a number that are
held at intervals for the purpose of giving
the public greater information of the ob-
jects and benefits of the order for social
purposes. The meeting was well at-
tended.

The Christian Union, in a notice of the
trouble at the McCormick work, says:
We do not know what special objections
the workmen have to the four non-union
men; for aught we know they may be
of a character calculated to contami-
nate their fellows. But if the fourteen
hundred union saints cannot protect them-
selves against the corrupting influences
of the four non-union sinners, either the
saints must be very weak or the sinners
very strong. It is a great mistake for
workmen to depend on a "draft" to
keep up their trade organizations. This
may have been once necessary; it is no
longer. The trade union should be a
purely voluntary organization; and it
should act so efficiently in promoting good
habits, regular industry and intelligent
capacity, and in discouraging all needless
controversies, that the employers them-
selves shall be compelled to prefer union
to non-union men. The progress is in
this direction; and so long as it is so,
patience is wisdom. The workman can
not in the long run gain anything in
his battle against despotic control over
himself by attempting to exercise despotic
control over his fellow. To day public
sympathy is unmistakably with the work-
ingmen; but they can easily alienate it by
making unjust, unreasonable demands,
which they cannot afford to do; for the
sympathy of the public with them is their
real power.

The Legislature.

[From our Special Correspondent at Trenton.
To The Citizen:

The time given to the preparation of
the article on The Legislature, to wit,
Wednesday evening, was so taken up
with important business matters as to
make it impossible for your correspond-
ent to send you this week any statement
in regard to legislative matters. **
